

About EPR Group

EPR Group began its activities in 2000, when **EPR Systems Ltd.** was established as a software company that specializes in the development and integration of systems designed specifically for local authorities.

Today, EPR Group includes **EPR Systems USA Inc.**, which provides records management and BI (Business Intelligence) solutions to U.S. clients, e.g. fire departments and EMS (Emergency Medical Services).

EPR Group is committed to providing smart and cutting-edge technology and maintaining an outstanding staff with a strong service orientation that is customer centric. This corporate philosophy has made EPR Group the leader in its field.

The People of EPR Group

- Dozens of specially trained professional employees offer a supportive approach and are highly dedicated to **satisfying clients' needs.**
- Personal relationships with customers as part of the group's corporate ethos, which places **clients at the forefront of any professional activity.**

EPR Group Service

- **Friendly UI** (User Interface).
- **Flexible development environment** to meet the unique needs of each customer.
- Online **support center.**

EPR Group Technology

- **Microsoft** development environment.
- **SQL Server** database.
